Item of Business #5 Action Items, Definitions, and Rules					Definitions	
Action Items					**RChain Cooperative Multisig (RCM)**	RChain Cooperative controlled multisig wallet that holds the current treasury and operation RHOCs. Public address and current holdings can be viewed in the "Co-op Wallets" tab
a.	410,663,574	RHOC	Sent to the Reserve Wallet from RCM			
b.	50,600,000	RHOC	Sent to the Token Sale Wallet from RCM			
c.	4,000,000	RHOC	Sent to the Research Wallet from RCM		**Reserve Wallet and Emergency Fund**	Multisig Ethereum wallet controlled by board, officers, and trusted 3rd party. Funds in the Reserve or Emergency Wallet may only be used if the RChain Cooperative board unanimously (9 of 9 board members) supports the new token spending initiative. All members must be notified of the boards approval, outlined spending plan, and date of transaction.
d.	310,663,574	RHOC	Burned from Reserve Wallet prior to REV issuance			
e.	520,000,000	REV	Generated in Mint contract distributed to designated parties			
f	100,000,000	RHOC	Sent to the Emergency Fund Wallet prior to REV issuance			
Rules/Bylaws					**Circulating Supply**	The amount of RHOC or REV currently available in the RChain ecosystem. Tokens in the Reserve/Emergency Wallet and Mint are not considered Circulating Supply. Holdings in the RChain Cooperative Multisig and Parter (Reflective Ventures, Pithia, Research) wallets are circulating tokens
1	Supply held by RChain Cooperative, Partners, Research and potiential future substantial entities funded by the existing RCM or Reserve Wallet may never exceed 1/3rd of circulating supply and 10% of supply individually					
2	Action items (a, b, c) must be completed within 5 business days of IoB #5 approval				**Token Sale Budget**	RHOC set aside for future sales in exchange for liquid assets. These sales can occur in in the form of a validator sale, or public token sale. If RHOC remain unsold at REV issuance, the REV may continue to be sold. Exchange rate of all tokens sold must be made public. Any changes to sale structure must be released publicly.
3	Action items (d,e, f) must be prepared to occur during REV issuance					
4	If either the RChain Cooperative, Partners, Research or potiential future substantial entities funded by the existing RCM no longer operate, the remaining funds in their respective wallet and future scheduled mint distribution will be moved to the validator reward mint.				**Token Sale Wallet**	Funds recieved from action item "b" kept in a newly created multisig wallet. Same permissions as current RCM.
5	Total supply of REV tokens in existance may never exceed 1.1 Billion					
6	If use of Reserve/Emergency Wallet funds are approved by unanimous (9 of 9) board approval, the release of RHOC or REV tokens must still abide by Rule #1. Tokens approved from the reserve wallet will reduce the total allocated to the emergency fund in order to agree with Rule #5.				**Research Wallet**	Wallet allocated to the future independent foundation of RChain Cooperative. The foundation must be fully functional without direction from RChain Cooperative's board members. The purpose of this fund is not to be an additional outlet for the US Cooperative spending. Membership must vote by end of 2018 on where these funds must be sent if not allocated to research (May not be sent back to RCM).
7	Sum of all tokens distributed to RChain Cooperative, Partners, Research and potiential future substantial entities funded by the existing RCM or Reserve Wallet may never exceed 1/3rd of max supply of 1.1 Billion					
8	Any further interpretation of the action items, definitions and rules of this proposal (IoB#5) must be consulted with the author.				**Mint Contract**	REV's coded into the RChain platform that are scheduled to be distributed to Validators, RChain Cooperative, and Research Wallet. Outline of distribution is detailed in the "Interest Budget" tab. Mint contract may not have funds added to where total supply surpasses 1.1 billion REV tokens. Bylaws will need to be changed to support this proposal.
9	Spending from the RCM during an 18month period may never exceed the amount distributed to validators					
					Partners	Reflective Ventures and Pithia
